

EVAULT SHIELD

PORTABLE POWER STATION

Built to replace noisy backups, it delivers quiet, seamless power security. Store solar energy for night use or grid power for outages, keeping your home running without interruption.

Sleek, silent, and reliable, EVault Shield fits modern homes while working in the background. With Enerveda, you gain energy independence and lasting peace of mind.

KEY FEATURES

SILENT GENERATOR REPLACEMENT

No noise, no fumes, just instant clean power for your ACs and lights.

ULTIMATE SAFETY

Built with premium LFP chemistry to eliminate fire risks inside your home.

SLEEK SPACE-SAVER

Modern wall-mount design frees up floor space and blends into your interior.

10+ YEAR LIFESPAN

Engineered for 6,000+ cycles, delivering over a decade of reliable performance.

INTEGRATED SAFETY

Features built-in fire suppression and advanced thermal management for maximum facility protection.

PLUG-AND-PLAY INSTALLATION

Quick setup with minimal wiring, ensuring zero disruption to your home.

WHISPER-QUIET OPERATION

Fanless, silent cooling design ensures your home stays peaceful day and night.

SEAMLESS SOLAR INTEGRATION

Works perfectly with all major hybrid inverters to store excess sun for nighttime use

ZERO MAINTENANCE

No water top-ups, no acid checks, no servicing. Simply install and forget.
